HEX1   Plain Hex: Useful for Flat terrain, plateau tops, whacking your little brother and makes a poor excuse for a frisbee.

Instructions:
1. Cutout hex
2. Glue to back of polystyrene (blue-board)
  or styrofoam (bead-board)
3. Using very sharp knife (or hot-knife)
  cut out hexagon, making sure to
  keep the cuts at 90° angle vertically
4. Paint and decorate to suit your terrain
